

Foreman

Tourmaline Oil Corp. is a Canadian senior crude oil and natural gas exploration and production company. We are focused on long-term growth through an aggressive exploration, development, production and acquisition program in the Western Canadian Sedimentary Basin.

We are currently looking for a Foreman in our Spirit River office.

PRIMARY FOCUS

The Production Foreman is responsible for the day-to-day organization and direction of all production related operations (within their assigned geographic area) in a safe, cost effective and environmentally sound manner.

KEY RESPONSIBILITIES

- Supervise a field level operations group in conjunction with engineering and support staff in Calgary as well as co-ordinate various field personnel involved in tasks such as drilling, completions, pipeline and facilities construction.
- Provide daily mentorship to team members with a clear display towards operational, technical, financial and safety excellence, as well as health, safety, and environmental responsibility.
- Responsible for the day-to-day organization and direction of all production related operations within the assigned geographical area in order to meet or exceed our production goals in a safe, cost effective and environmentally sound manner.
- Report on daily production volumes.
- Review all invoices associated with the assigned geographical area.
- Ensure continuous production improvement through mentoring, coaching and providing performance feedback to operations staff.
- Act as the primary contact for the company in the geographical area with regards to contractors, services, landowners, etc. as they pertain to daily operations.
- Ensure area compliance with all governmental regulatory bodies such as the OGC and OH&S.
- Integrate corporate Health, Safety and Environment policies into the day to day routine of all operators and contractors in the field with the assistance of the company's Health, Safety and Environment officers; ensure regulatory compliance and corporate HSE policies are carried out to the highest standard.
- Co-ordinate and attend safety meetings.
- This is an employee position based out of Tourmalines' Spirit River office/ Grande Prairie Area

QUALIFICATIONS

- High school diploma
- Post-secondary Technical diploma is an asset

- A minimum of fifteen (15) years of plant, field, completions, construction, pipeline operational experience, and/or production and operations experience.
- Previous supervisory experience required

REQUIRED CERTIFICATION

- CSO, H2S, First Aid, Confined Space, Ground Disturbance and Bear Awareness
- Valid Driver's License
- Driver's Abstract
